CONEMAUGH MEMORIAL MEDICAL CENTER GRADUATE MEDICAL EDUCATION POLICY

b. possess an unrestricted license to practice medicine in a US licensing jurisdiction (e.g. Puerto Rico),

4. Graduates of medical schools outside the US who have completed a Fifth Pathway program at an LCME-accredited medical school.

C. Resident/Fellow Requirements

- **1.** All applicants are required to meet the requirements for and obtain Pennsylvania training licensure before the start of training. In general this requires passage of USMLE or COMLEX 1 and 2 and obtaining necessary visas.
- 2. Failure to obtain licensure on time will result in a hardship for the residency program and may result in the program petitioning for a waiver of NRMP commitment.
