

Conemaugh School of Radiologic Technology

GRADING POLICY

attendance, professional behavior, financial obligations, and program requirements of the School. Students must earn a **78%** average in all required program courses and clinical education.

course grades are calculated on a percentage scale and may include homework assignments, quiz averages, unit exam averages and final exam grades, each of which contribute various weighted averages for the course. The clinical education grade is calculated on a percentage scale and may include positioning course average, comprehensive exam average, case studies, technologist evaluation average, weekly clinical performance, competency average, and final competency average. *See specific course syllabi.*

A competency-based evaluation system is used for the clinical aspect of the program. Students must achieve the required competencies for each semester in order to progress through and complete the program.

Students experiencing course difficulties will be requested to have a conference with the instructor of the course. Areas of concern and methodologies for improvement are to be discussed. A form is completed by the student and involved course faculty. The purpose of the conference is to provide recommendations for improvement and student comments will be written and kept with the student record. A student must sign a form if they waive their right to remediation.

GRADING SYSTEM

Pennsylvania Highlands Community College

(percentage grades for each letter grade is determined by the course faculty):

Grade/Letter	Quality Point	Description
