* There may be other convictions that could lead to denial of licensure. Potential students should be aware that prohibitive offenses (as identified by the Department of Health, Act 169 of 1996, as amended by Act 13 of 1997) would prevent employers in many health care facilities from hiring them even though they obtained a license from the State Board of Nursing. The following questions asked by the Pennsylvania State Board of Nursing should be answered as “No” (if the answer is “Yes,” the applicant should contact the Pennsylvania State board of Nursing for guidance):

- “Have you ever been convicted, pleaded guilty or entered a plea of nolo-contendere, or received probation without verdict, accelerated rehabilitative disposition (ARD) as to any felony or misdemeanor including any drug law violations, or do you have any criminal charges pending and unresolved in any state or jurisdiction? You are not required to disclose any ARD or other criminal matter that has been expunged by order of a court.”
- “Have you withdrawn an application for a license, certificate or registration, had an application denied or refused, or for disciplinary reasons agreed not to reapply for a license, certificate or registration in any profession in any state or jurisdiction?”
- “Have you had disciplinary action taken against your license, certificate or registration issued to you in any profession in any other state or jurisdiction?”
